

THE BALTIC FLEET

Has divided and is now on its way to the Far East

ALL QUIET AT MUKDEN

Disagreeable weather and muddy roads is giving the soldiers at the Front a much needed rest.

THE BALTIC SQUADRON UNDER WAY.

Koporo, Island of Zealand, Denmark, October 20.—The Russian Baltic fleet consisting of 15 battleships and cruisers, seven torpedo boats and four colliers has traversed the Great Belt going northward.

THE SQUADRON DIVIDES.

St. Petersburg, October 20.—The Baltic fleet will divide, part of it going by way of the Suez canal and the remainder round the cape of Good Hope. Capt. Jakovlev explains that the delays in getting the warships through the canal made a division of the fleet advisable. The Cape route being only a fortnight longer with coaling at sea instead of in ports, he believes the voyage to the far East will be made in ninety days.

JAPS SLOW ADVANCE.

With general Oku's left army at the front, October 17 via Fusan, October 19.—Maps captured by the Japanese show that the Russians had arranged for a series of retreats and these maps indicated where stands were to be made. This accounts for the slowness of the advance of the Japanese and their failure to cut off the Russian retreat. Ravines and gullies met with by the Japs obstructed their progress.

ALL QUIET AT MUKDEN.

St. Petersburg, October 20, 9:25 a.m.—For the moment heavy rains and impassable roads have compelled a suspension of operations in Manchuria. There was practically no fighting yesterday and none whatever last night.

ATTEMPT TO RE-CAPTURE.

Mukden, October 18.—Lone Tree hill, won by the Russians after a desperate struggle, was the object of a gallant but unsuccessful attempt to recapture by the Japanese. In spite of the awful slaughter with which they had been driven from the hill, the Japs returned to the charge during the night of October 17, recognizing that it was the key to the south-west front. Nine regiments participated creeping up through the night and delivering an assault at dawn, but the hill had been bought too dearly by the Russians to relinquish it and the Japs were driven back with terrible slaughter.

RUSSIANS REPULSED.

Headquarters of Gen. Oku's left army, October 16, 3 p.m., via Fusan, October 18.—Since Sunday last the Japs left army has buried 4,100 Russian dead. It is estimated that the Russian casualties are from 20,000 to 25,000. The Japanese report their casualties at about 3000. Early this morning the Japs continued to advance driving the Russians before them and capturing two guns and many rifles. At 7:30 this morning the Russians attempted to recapture Lamuting but were repulsed with heavy losses. The battle there is over.

BLAIR'S RESIGNATION

The Conservative Roombach stating that Blair would take a stump for Borden is denied. He is done with politics.

Bulletin Special Despatch.
Ottawa, October 20.—Mr. Blair was early at his office to-day at the railway commission building. He received a number of representatives of the press. He was non-committal practically on the subject of the exact significance of his resignation of chief commissionership in the heat of a political campaign, the chief issue of which is the very policy upon

which he broke with the Government a little over a year ago. Blair summarized the situation as he wished it published.
"My resignation," he said, "is in the hands of the Governor-General and will take effect upon its acceptance by the Government. In the meantime I shall proceed with the consideration of judgments in the

PROVINCIAL AUTONOMY

Ottawa, Oct. 6.—The government has decided to open up negotiations with the North-West Territorial government after the general elections are over, with a view to giving provincial autonomy to the Territories. Sir Wilfrid Laurier, writing to Mr. Haultain on September 30 said: "The new House of Commons will contain not four, but ten representatives of the North-West Territories, who, coming fresh from the people, will be entitled to speak with confidence as to the views and requirements of those whom they represent. Should any government be sustained, we will be prepared to enter upon negotiations for the purpose of arriving at a settlement of the various questions involved in the granting of provincial autonomy, with a view to dealing with the question at the next session of parliament."

The correspondence which terminated with this letter began on May 17 last with a letter from Mr. Haultain, premier of the North-West Territories, to Sir Wilfrid Laurier. On that date, after referring to the correspondence which took place last year, Mr. Haultain said that he understood the delay in creating the Territories into a province was due to the desire of securing a larger representation in the House of Commons. If that were to be a set-off to the demand for provincial power then he would say that the representation under the new Redistribution Act was not such as they were entitled to. According to the present population, the North-West should have eighteen instead of ten representatives. He asked that the Redistribution Act should be amended before the next general election so as to give the representation to the Territories to which they are actually entitled.

On June 1 Mr. Haultain wrote to Sir Wilfrid Laurier, and among other things stated that of the thirty-five members of the Assembly, half were well known to be in sympathy with the premier and his government and that these gentlemen were in full accord with the others on the question of provincial autonomy. Mr. Haultain asked that legislation be introduced into parliament organizing upon the provincial basis that portion of the North-West Territories

lying between the western boundaries of Manitoba and the eastern slope of the Rocky mountains, and extending northward from the international boundary line and the northern boundary of Manitoba as far into the district of Athabasca as may be decided upon. "We further ask that whatever else it includes the legislation introduced shall contain provision for:

- 1 The application of the British North America Act as far as possible to the area dealt with.
- 2 Adequate representation in both Houses of parliament, bearing in mind the difference in ratio of increase in the population in the Territories from that of the larger settled part of the Dominion.
- 3 Government legislation and the administration.
- 4 The preservation of vested rights.
- 5 The transfer of the public domain with all territorial rights and the beneficial interest therein involved.

6 A subsidy based as nearly as may be upon those given to the provinces.

7 Remuneration for that part of the public domain alienated by the Dominion for purely Federal purposes.

8 The placing of the burden of the Canadian Pacific exemption upon the Dominion as it properly belongs.

On Sept. 30 Sir Wilfrid Laurier replied to these letters, said that he did not upon any occasion indicate an opinion that larger representation in the House of Commons was to be regarded as a set-off to the demand of the North-West Territories for provincial powers, but had the request for provincial autonomy been granted when it was made the representation would necessarily have been governed by the B.N.A. act and the Territories would only be entitled to six members instead of ten, and this number would not be increased until the next re-adjustment of representation. By reason of the fact that the North-West Territories still remain without provincial autonomy the government was able to deal more liberally with it. "It was not suggested," said Sir Wilfrid "that the Territories were entitled to call for an annual re-adjustment of its representation on the basis of population, nor do I think that any precedent can be found in constitutional practice for such a suggestion. The number of members granted in the last redistribution act was based upon a somewhat liberal computation of the population as presumed to exist at the time when the act was introduced. The question as to what should be the representation of the Territories when they are constituted into a province or provinces, is one which will call for renewed consideration when the question of provincial autonomy is dealt with. Rapid development has taken place in the North-West Territories, and all those who will be called upon to give consideration to the subject will be in a position to deal with it in the near future with the advantage of fuller and more comprehensive information than was possible or available two years ago."

BLAIR'S RESIGNATION

Continued from page 1.

cases in which the board has already taken complete evidence. Possibly some of the Western cases will not be disposed of as the evidence has not been received. My resignation takes effect as soon as it is accepted."

Asked as to reports as to his immediate alleged political intentions, Mr. Blair stated that he had nothing to say on that point.

"Will you have a further statement for the public in a day or two," he was asked.

"I cannot say as to that," was his reply. "My present intention is to retire from public life and to engage in the practice of my profession." In what particular sphere, however, Mr. Blair felt himself constrained not to answer for the present.

The rumor of the resignation of Mr. Blair from the chairmanship of the railway commission was first accompanied by a Conservative roorback. It was flashed all over Canada that he had resigned from the chairmanship of the commission to enter politics, and that he would join hands with Mr. Borden, and would stump the country with Mr. Borden. There was no other topic of conversation among the politicians.

It was a little later that the true report was sent out. The first report was evidently a "roorback" sent out for political effect by jealous Conservatives.

GIVES UP ITS DEAD

A MYSTERY SOLVED

The body of J. Archibald supposed to have been drowned near Paradise Crossing found

Bulletin Special Dispatch.

Paradis Crossing, October 19.—The body of J. Archibald, who was drowned from off the C. N. R. lumber rafts, was found yesterday evening by Albert Tate and W. Davies, within a few yards of where the unfortunate man's clothes were found. Mr. D. Cowan, whose scows Tate was piloting down the river, was an intimate acquaintance, and was able to identify the body as that of Archibald.

Miller Bros. are unloading their four scows here, considering that the river is too low for navigation.

Hall Scott and Co. are still hung up about ten miles below Victoria.

Messrs. Cowan and Davies intended to try the river for some further distance.

DIVORCE QUESTIONS

DISCUSSED AT LENGTH

The Episcopal House of Deputies and the House of Bishops disagree on the subject

Bulletin Special Dispatch.

Boston, Mass., October 19.—An attempt was made to-day by the committee on canons of the Episcopal House of Deputies to arrange a compromise between that body and the House of Bishops. The bishops had adopted an amendment forbidding the remarriage of divorced persons, while the deputies had declined to adopt so rigid a provision. The committee on canons offered a resolution compelling divorced persons seeking remarriage to wait one year after the decree of the court had been issued before the solemnization of the ceremony. By this resolution, which was referred to the innocent person in a divorce for infidelity, only it was hoped to secure at least a temporary agreement between the two forces. After some debate the divorce issue was made a special order for to-morrow.

Sir Thomas said that he had not given up the idea of again challenging for the cup, and he had given George Watson authority in the matter of securing a boat.

NAMAQ

White Whale Lake, Oct. 14.
We are pleased to chronicle the marriage of Henry McCorister and Miss Julia Reindeer, which was solemnized at the Mission on Sunday, October 9. The bride is one of the belles of the reserve, and the groom is one of our most exemplary young men. They have the hearty good wishes of the community.

Quite a good deal of building is being done, which makes considerable improvement in the district.

Rev. Hopkins is devoting part of his time to the cutting out and building of a road from this residence to the Bopre settlement, a distance of about fifteen miles. This is to enable him to reach that place, so as to hold services there on alternate Sundays. He has also organized a Sunday school there with thirty children.

Treaty day was October 7, when about \$1,000 was distributed among the residents of the reserve.

The school building at the mission is being repaired, and will soon be "as good as new."

The election on the creation of the proposed school district will take place at the residence of Mrs. Woollard on October 29, and it is hoped to have a building in readiness for a term of school next spring.

The Canadian Northwest Homestead Regulations

Any even numbered section of Dominion Lands in Manitoba or the Northwest Territories, excepting 8 and 26, which has not been homesteaded, or reserved to provide wood lots for settlers, or for other purposes, may be homesteaded upon by any person who is the sole head of a family, or any male over 18 years of age to the extent of one quarter section, of 160 acres, more or less.

ENTRY.—Entry may be made per the district in which the land to be taken is situated, or, if the homesteaded desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10.00 is charged for a homestead entry.

HOMESTEAD DUTIES.—A settler who has been granted an entry for a homestead is required by the provisions of the Dominion Lands Act and the amendments thereto, to perform the conditions connected therewith, under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, reside upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent, may be satisfied by such person residing with the father or mother.

(3) If a settler has obtained a patent for his homestead, or a certificate for the issue of such patent, countersigned in the manner prescribed by this Act, and has obtained entry for a second homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by residence upon the first homestead, if the second homestead is in the vicinity of the first homestead.

(4) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon said land.

The term "vicinity" used above is meant to indicate the same township or an adjoining or cornering township.

A settler who avails himself of the provisions of Clauses 2, 3, or 4, must or substitute 20 head of stock, with buildings for their accommodation, cultivate 30 acres of his homestead, and have besides 80 acres sub-subsided.

The privilege of a second entry is restricted by law to those settlers only who completed the duties upon their first homesteads to entitle them to patent on or before the 2nd June, 1899.

Every homesteader who fails to comply with the requirements of the homestead law is liable to have his entry cancelled, and the land may be again thrown open for entry.

Application for patent should be made at the end of three years, before the local agent, sub-agent, or Homestead Inspector. Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands, at Ottawa, of his intention to do so.

Information.—Newly arrived immigrants will receive at the Immigration Office, in Winnipeg, or at any Dominion Lands Office, in Manitoba or the Northwest Territories, information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing land to suit them. Full information respecting the land, timber, coal and mineral laws, as well as respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, Manitoba, or to any of the Dominion Lands Agents in Manitoba or the Northwest Territories.

JAMES A. SMART,

Deputy Minister of the Interior. N.B.—In addition to Free Grant Lands to which the regulations above stated refer, thousands of acres of most desirable lands are available for lease or purchase from railroad and other corporations and private firms in Western Canada.

Winnipeg Markets

Commercial:

OATS—Offerings of oats have increased greatly and the market is weaker. Already it has declined 2c, and still lower prices may be looked for. No. 2 white oats on track Winnipeg are worth to-day 34 to 35c per bushel. No. 3 oats 31c and feed grades 30c. Farmers' loads at country points are bringing 25 to 26c.

BARLEY—There is quite a market of barley offering and the market is easy but last week's prices still prevail. No. 2 barley is worth 37c per bushel, and feed grade 35c on track Winnipeg.

WHEAT—The local market has been rather nervous and unsettled, being slow to respond to outside fluctuations. The undertone continues weak and offerings are heavy on every little advance. Receipts continue large, and there is not the same demand for each wheat as formerly. Exporters seem to be a little afraid of present prices, and do not care to carry a big load of wheat on a declining market.

Local prices took a dip early in the week, but have since gained a little on account of the strength in American markets. Regardless of the sharp advance in outside markets yesterday however our prices closed almost unchanged from the day previous. It is very unusual for the spread between Winnipeg and Minneapolis wheat to be so wide, but unless our market gets better support there is no telling how far apart they will get. Should American markets break the decline here will be very sharp, but our prices will be slow to follow an outside advance. Receipts here are larger than last year, and the demand for cash wheat shows an inclination of weakening.

MORINVILLE

Sunday last the young men of the village gave a concert in Steffes' Hall for the benefit of the convent. A very well written comedy in two acts was played with much success by the amateurs who deserve much credit for their good work. The hall was filled to its capacity.

M. Ed. Chevigny is building a fine residence near his big store.

The Morinville Hotel's new addition is nearing completion; the hotel is up to date now in every respect.

A very fashionable marriage took place last Tuesday. Mr. A. Dubuque, of Fort Saskatchewan, was married to Miss A. L. moureau. Mr. Dubuque is the oldest son of Mr. Chas. Dubuque, of Morinville, where the wedding took place. They left the next day for a honeymoon trip. They will take up their residence at Fort Saskatchewan. Their go with our best wishes.

Threshing is going on all over the district; the fine weather we are having is of great help to the farmers. Steffes & Sons have three threshing outfits

out this fall. The yield while not very large is of a fine quality.

The Morinville Milling Co. began operations this week.

Mr. T. S. Gaudette, general merchant, is enlarging his store.

L. Lagace has re-opened his butcher shop. His numerous customers are glad to see him back to business.

Mrs. N. Brissett has opened up a millinery parlor this week.

Messrs. P. E. Lessard, L. Savard, Jos. Tessier and E. Brissett, of Edmonton, were in town last week.

Mr. W. S. Robertson, of Edmonton, was also at the Alberta Sunday.

Mr. O. Bishopric spent a few days here in the interest of his business.

A hotel license has been granted to M. O. Gouin. There is now a hotel to every eight houses of the village.

Everybody went to hear Mr. Oliver Saturday night. It was a complete success, he is sure of a good majority in our district.

Gus Lessard, of Edmonton, visited Morinville friends on Sunday last.

TARTE DOWN AND OUT

Montreal, Oct. 18.—J. Israel Tarte is now down and out.

Last night Monk was the hero of the Borden demonstration. He forced Tarte completely into the background.

Mr. Tarte did not speak but very quietly slipped from the platform before his name was called.

Mr. Tarte issued a declaration to-day that he will not be a candidate at the coming election. He contemplates retiring permanently from politics.

BORDEN'S RAILWAY POLICY.

Dunnville, Ont., Oct. 18.—Another gleam of light on Mr. R. L. Borden's railway policy was furnished when the Opposition leader, after declaring for a government owned and controlled railway from ocean to ocean, added in a sentence a suggestion that probably the western section could afterwards be operated by the Grand Trunk. This is a phase on which Mr. Borden had hitherto been either silent or inconclusive in his declarations. The meeting was in the interests of the Conservative candidate in Haldimand.

WILL MEET IN BRANDON

Winnipeg, Oct. 18.—Hon. Clifford Sifton has accepted Richardson's challenge in debate, leaving arrangements of programme entirely with the latter. The date is to be Oct. 31, at Brandon.
